Technical Field The present disclosure relates to an apparatus and a method for performing an endoscopic operation in an internal area of a subject, in particular, for performing an endoscopic operation in a body cavity of a subject in which a forceps and a first cutting device are used together. 2. Related Art Recently, in performing an operation inside of a subject, for example, during endoscopic examination and/or treatment, the number of operations performed using forceps and/or the like is increasing. In many cases, the operation is performed using two instruments together, for example, two types of forceps are used simultaneously. In particular, when a surgery is performed inside of a body cavity, it is necessary to first insert an endoscope inside of the body cavity and then perform a surgery (examination and/or treatment) using an insertion portion of the endoscope

After the arrest of and thanks to the helpful information from everyone, Georgio Solotvynets manages to escape from prison. The team sets off to try and find him and get him to the hands of the police. Along the way, Béla arrives to ask Valko to speak to Vadim. One thing leads to another and Vadim has to arrange a meeting. Unknown to him, Valko gets a phone call from Georgio's lawyer who, coincidentally, is acting for Béla. Valko is left with no choice but to meet with Vadim. Commentaries I have not seen the episodes since I was in prison. So, this is completely new territory for me. I have to say I'm not a huge fan of Valko's character as he is portrayed here. I'm not sure if it's the fact that he is trying so hard to be popular and up-market that has made me find him so grating. He's really not a bad guy, he just really tries to be
