Doctors Desktop [March-2022]

Doctors Desktop is the only practical desktop solution for doctors and medical professionals to manage patients, their medical records and prescriptions. Doctors Desktop offers doctors all the tools they need to keep their own medical records up-to-date. Doctors Desktop can manage appointments, reports, prescription, medication, notes and much more. Doctors Desktop users can view and edit all their records in a web browser and sync the data to their desktop via a push function. Doctors Desktop Features:

- Schedule & Share Appointments: Doctors Desktop's built-in calendar makes it easy to plan and share your appointments.
- Track Reports: Doctors Desktop helps you keep track of your medical reports, labs, x-rays and other reports that you need to file.
- Prescription Management: Doctors Desktop will help you keep track of your prescriptions, medications, allergies and much more.
- Prescription Insight: Doctors Desktop provides a complete list of all your medications so you can easily see all your prescriptions.
- Report Generation: Doctors Desktop creates reports automatically when requested by your employer, insurance company or Medicare.
- View Data: Doctors Desktop makes it easy to look up data such as addresses, phone numbers, insurance information, and so much more.
- Notes: Doctors Desktop helps you keep track of important notes, patient information, forms and other notes that you need to file.
- Access Notes: Doctors Desktop provides a secure online folder where you can view your notes and share them securely.
- Drug Database: Doctors Desktop automatically creates a drug database to keep track of all your medications.
- Doctor Profiles: Doctors Desktop provides a complete list of doctors in your area and information about them, including contact information and other useful information.
- Help Center: Doctors Desktop's support team is available 24 hours a day, 7 days a week to help you with any issues you may encounter.
- Support: Doctors Desktop provides 24/7 phone, chat and email support for all users, not just Doctors Desktop Pro users.
- Licensing: Doctors Desktop is available for purchase on a per user, per device or per organization basis.
- Windows: Doctors Desktop works on all Windows-based PCs and Macs.
- Web: Doctors Desktop works on all web browsers, including all versions of Internet Explorer, Firefox, Chrome and Safari.
