Load and unload tapes without the need for a tape rack. The PLM-8073 also offers very high recording and playback quality, so you can record long pieces without the worry of losing quality. Designed to make music fun and easy to play One player out and another in, the PLM-8073 MultiTape Deck lets you load and unload tapes from your tape player at the push of a button. Record and playback at high quality Enhanced recording and playback ensures that your recordings and performances will be of the highest quality. The PLM-8073 is also compatible with Apple iPhone, iPhone Mini, and the iPod Touch. Simply plug your iPhone in and use the included remote to control the deck from the stage. It's as simple as that. NOTE: The PLM-8073 comes with a remote control that has a built-in music stand, which makes it ideal for handheld use. It can also be used with your Apple iPhone or iPod Touch. Behringer MultiTape Player The PLM-8073 is a cartridge-based MP3 music player featuring dual player decks for in-take and out-take. The deck features an enhanced audio system for sharper sound and better ergonomics. Its sound and performance standards are similar to the Behringer PT-70 MultiTape Deck. Powerful, yet simple to operate The behaviour of the PLM-8073 is simple and intuitive. You can simply load the tape using the auto-load function, set a delay time, and power on the player. You can also record and playback from the tape using the two handsfree (theoretical +/- 24" load and unload travel without any time or space limit). At the touch of the push button, you can unload the tape, set the recorder mode, and control the volume. All of the functions are easy to use. The Behringer
