HISTORY The Elden Ring is an action RPG by Capcom Japan with an original story that explores the Lands Between, a vast world that was a magical dream realm for many people, and a fantasy setting where monsters and Elden (the immortal race of humanity) are born. It is where the fate of mankind in the Far West has been decided, and where an Elden Lord emerges. **MAIN CHARACTERS** Arion A student from the Peaks of Immortality and the sole pupil of Eloise, Arion has always been fascinated by the Lands Between. The story begins as he stumbles across a mysterious book while in the Windmill Village. Elise The Elden Ring begins as a girl who witnesses an unexpected power awakening. Despite herself being an ordinary person, Elise is mesmerized by the power before her, and the two of them encounter each other in the Windmill Village. The Elden Lord The player character appears as a white spirit, and starts off as an ordinary traveler until he comes across an elden woman with the name of Halcyon, who has fallen into a trance. Eloise awakens him by her voice. He emerges in the world of the Lands Between, and in his initial travels, he sees a level of devastation unparalleled to the rest of the world. He finds Elise on the other side of the gateway that separates the Lands Between and the world of men, and promises to take her back to her world. Halcyon The Elden Lord is drawn to her, and she awakens him from his sleep by her voice. After that, she shows him the way to the world of the Lands Between, and begins to lead him. The Knights of the Elden Ring A group of knights appear in the windmill village, once its inhabitants are all killed. These knights each wield their sword to combat against a dragon, a man-eating monster, and a big hand-like creature. After their victory, they start a mysterious organization called The Knights of the Elden Ring. **THE HIGHLIGHTS** 1. A vast world where the open fields and endless labyrinths are seamlessly connected. 2. You can freely combine your weapons, armor, and magic to make your character as you like. 3. The Lands Between is a fantasy setting where you can roam freely. It is a world where monsters and Elden
