fertilising it with bananas, watermelon and other fruits. Features: - Big Banana game supports a wide range of Symbian smartphones. - Simple design with beautiful graphics. - Easy game play with just one tap to fertilise or water the fruit. - Fertilise with bananas, watermelon, strawberry, yellow grape and other fruits to grow your own fruity vegetable garden. - Grow a fruit tree in your own garden. - Fruit tree (grape) will reward you with nice fruit when it fruits. Big Banana is made by ZimZam games which is a fast-growing software developer with more than 60 successful games for the worldwide GSM operators. Just a short explanation about the project: We started the development for Big Banana in November 2012. We want to complete the project in March 2013 and launch it to the global market. The game will be published by Symbiangames on Nokia. We make our first official game in Symbian and love the Symbian OS. After finishing the project we want to make a sequel of this game with the following objectives: - We want to start another game to continue the fun with bananas. - The game should be more complex with more fruit to grow and earn more bananas. - We want to design a nice game with a cute banana in it. Big Banana game is a tutorial style game that will be totally free. The game contains 3 modes: - Free mode. - Paid mode. - Fruit garden mode. Big Banana game is a standard Symbian S60 5th Edition game with animations and fullscreen. The game will be optimized and will be published for all Symbian^3 smartphones. Big Banana game supports S60 v5.1 and Symbian^3 smartphones. Big Banana game is a free app, you can download it from here: Installation: 1. Install the free version of the application. 2. Download and install the content (free) as described below. Content: 1. With this game you will find a) 6 different game modes. b)
